markus müller martini erarbeitet ein zusammenhängendes system von 14 einflussfaktoren der kundenbindung und führt mittels des competence based view als referenztheorie die kompetenzen von kunden als neue determinante in die kundenbindungsforschung ein die empirische Überprüfung seines modells im privatkundenmarkt für fernsehempfang kabelanschluss vs satellitenempfang vs antennenfernsehen legt nahe dass der einfluss der kundenzufriedenheit auf die kundenbindung oftmals über und die bedeutung anderer faktoren z b das soziale umfeld sowie die kompetenzen der kunden unterschätzt bzw nicht beachtet werden

this book investigates the impact of patient centered care pcc for older adults with chronic conditions and presents new evidence concerning its effects on the care process and health

outcomes the book highlights the impact of pcc on elderly chronic disease patients health experiences and demonstrates that pcc is associated with better performance in delivering care to this group of patients the pcc approach also provides opportunities for improving the delivery of cancer care although patient centered oncology care is still in its infancy and evidence on its effectiveness is scant the book also includes a systemic review and meta analysis of connections between pcc and cancer patients adverse healthcare utilization costs patient satisfaction and quality of care this book is unique in terms of the measures comprehensiveness and provides ample evidence that the implementation of pcc is associated with better healthcare performance the intended readers include researchers in related fields graduate students and healthcare providers it is hoped the book offers further evidence for meaningful practice and have many policy and research implications in pcc

empowerment transparency technological readiness and their influence on financial performance from a latin american perspective showcases in depth analysis allowing companies to obtain information for a broader vision to help make decisions about intervention market performance and strategy development possibilities

by analysing the irish development strategy this book questions its much portrayed success the republic of ireland has followed an export oriented development path relying on foreign direct investment inflows as the main development agent however this chosen path of development has led to growing industrial social and developmental polarisations despite the indisputable impressive overall growth figures growth is primarily driven by the investing multinationals and the inequality of earnings have been exacerbated thus questioning the irish growth model s success

noise is an increasing problem in everyday life and many noise induced hearing problems are irreversible this book focuses on all aspects of noise related problems including noise effects on stress levels functional changes after noise induced cochlear damage occupational hearing loss and noise conservation problems
